Announcing myDrugCosts Services

In conjunction with our health care benefit, the school board is offering the **myDrugCosts program**. This benefit can help you and your covered family members save money on prescription drugs. The program analyzes prescription drug costs specific to you and presents the best ways for you to save.

This service includes the **myDrugCosts Rewards program** which provides cash incentives that reward you for making smarter choices about your medications without sacrificing the quality of your care. You can earn monetary rewards for making switches that save you money after discussing the options with your doctor.

It's easy to get started. Go to the dedicated myDrugCosts site for the County of Augusta, Augusta County Schools and Valley Vocational Technical Center below and sign up with your email address. Once there, you can visit the Rewards catalog to see if you are taking a medication that has an available switching opportunity.
